

NCDOT C&D Map Guide

NC Recycle Locations Map

1. "Click" on the NCDOT C&D Map link and a Google Map will come up.
2. Zoom to the area or community of interest using the navigation tools in the upper left corner of the map.
3. Go to the "**Material or location type:**" drop down box at the top of the map and using the drop down arrow on the right side of the box choose a material to be recycled or a recycling facility.
4. Choose "**Select**" and the map will be populated with points (diamonds) showing where that material can be recycled or recycling facility.
5. Pass the cursor (hand) over a point until the hand changes to a finger then "click" and a balloon will come up giving details of the telephone number and location of the recycling facility.
6. Call to verify the facility, that the facility will take the material, and the location.

If there are any questions please call the NCDOT State Value Engineer Jeff Garland
